X-10™ and CDX-10™ Product Identification

Effective immediately all X-10 and CDX-10's will ship with a product identification and date stamp on the dial ring of the lock, located at the 8:00 position. This product identification code and location will differentiate the X-10 from the previous X-09. The stamp represents the product code, the manufacturing facility, month and year the lock was manufactured.
